## LETTER OF RECOMMENDATION

Date : 02/07/2022

To Whom It May Concern:

TinkerHub is a non-profit organization that fosters technical know-how and skills among the student community that works with the help of dedicated individuals who are committed to the cause.

It pleases me to write that Godwin George U, who was selected as a Community Initiative intern from June 26, 2021, to Dec 26, 2021, has truly imbibed this spirit.

Community managers help our community grow by making sure that everyone's questions are answered and that there are always many platforms for our members to engage and interact with one another. In his time here, he has executed Build from home ,Code a pookalam,Co-coder,IEDC Summit and lot more.

Godwin has truly proved himself as a member of the team and has my highest recommendation in any future endeavors he may wish to undertake.

Sincerely,

Moosa Mehar MP, Co-founder TinkerHub
